OUR customers can rely upon obtaining goods
at the lowest possible rates the market will af-
ford; and whilst we shall not be influenced by the
prices (or supposed prices) of other houses in the
trade, we shall, notwithstanding, give our cus-
tomers the benefit of all reductions, made either
at home or abroad, and feel confident we cannot
be undersold, except through the medium of infa-
mous or spurious articles. This result we are ena-
bled to obtain by purchasing all our goods for
cash, direct from the manufacturers, and by hav-
ing a confidential agent in New York, whose
knowledge of the markets cannot be excelled.
Our arrangements with the Eastern Paper mills
are such as to enable us to offer paper at a very
small advance on manufacturers' prices, and we
know our rates are lower than any other house
in the West.

We keep for the accommodation of our custom-
ers a supply of Websters Elementary, McDuffys
Electric, Metropolitan and Harns's Spellers, and
Websters Spellers and Definitions, Websters Dic-
tionary, Webster's Electric (Old and New Series) San-
ders', Metropolitan and Christian Brothers' San-
ders', Mitchell's, Olney's, Smith's, Colton and
Fitch's and Cornell's Geographies; Ray's, Davies'
and Colburn's Arithmetics; Wilson's Quackenbos,
and Frobode's Ancient and Modern Histories—
Smith and Green's Grammars; Payson and
Dutton's Spencersian and plain copy books, and
other standard School Books.
We will fill all orders for Types, Printers Ink,
Books, Periodicals, or any other articles which
can be shipped with our goods at the lowest rates
at which they can be procured in the city.
To insure goods being sent correctly, particu-
larly to description, and designate the route of
shipment preferred. All goods will be packed
with great care, the actual cost of cases and car-
riage only being added to the bill. We do not in-
